Practice Policy Agreement

Your Name: _____

ID#: _____DOB: _____/_____/_____

Account, Payment & Refund Policies

I understand that all fees for products and/or services not covered by insurance and co-pays are due at the time of service. I understand that any balances not covered by my insurance will be my responsibility. Outstanding balances will be sent in statement form via USPS. Delinquent accounts will be turned over to collections when necessary, and I will be responsible for both my account balance as well as any fees incurred on behalf of BCEC from the collections agency. Orders for eyewear products cannot be placed until payment is made. Professional fees for exams cannot be refunded once performed. Product refunds over $25 must be processed and will be issued by check. In the event of returned eyewear there may be frame and/or lens restocking & return fees. By signing below I acknowledge understanding and acceptance of these policies. Initials: _____

Authorization for Insurance Payments

We request your signature on file in the event the office files insurance for you. This clause applies to all insurance and vision benefit carriers. This signature will serve as authorization for the lifetime of the patient for which it is on file. I request that payment of authorized carrier of Medicare benefits be made either to me or on my behalf to Blount County Eye Center for any services furnished me by this/these doctors. I authorize any holder of medical information about me to be released to the Centers for Medicare and Medicaid Services and its agents any information needed to determine these benefits or the benefits payable for related services. Initials: _____

Notice of Privacy Practice Acknowledgement

I have had the opportunity to receive a copy of this practice's Notice of Privacy Practices. The notice provides the uses and disclosures of my protected health information that may be made by this practice, my individual rights, how I may exercise those rights, and the practice's legal duties with respect to my protected health information. I understand that the practice may change the terms of its Notice of Privacy Practices and that any changes apply retroactively to information created while the current notice is in effect. I understand I can obtain this practice's current Notice of Privacy Practices upon request. Initials: _____

Vision vs. Medical Eye Health Exams

Both vision plans and medical insurances cannot be billed on the same date of service without risk of denial and balances being transferred to patients. Our physicians will address the most pressing eye health issue and bill appropriately, but this may require multiple visits to completely care for your eye health care needs. You will be informed when this is the case.

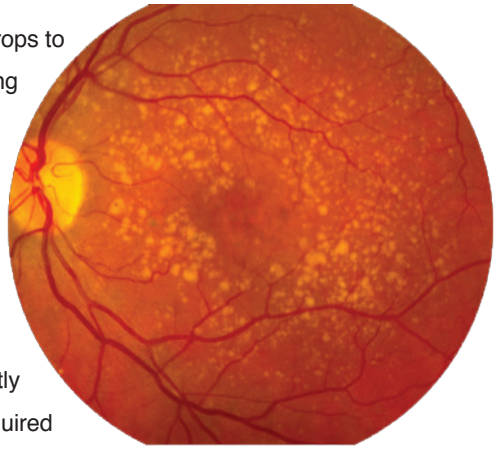
Retinal Health Evaluations at BCEC

One of the most important parts of today's comprehensive eye exam is the examination of the inside part of your eye, the retina. A healthy retina is critical to your vision and needs to be examined for such conditions as macular degeneration, glaucoma, retinal holes, retinal detachments and complications from diabetes, high blood pressure and high cholesterol.

There are two methods for the BCEC Eye Doctors to properly evaluate your retina:

Dilation of the Pupil:

This traditional procedure allows your eye doctor a 3D evaluation of the retina using eye drops to enlarge and stabilize your pupils. They then use a high powered microscope and magnifying lenses to view inside of your eyes. The drops used will cause your vision to be blurred and your eyes to be sensitive to lights/sunlight for 2-4 hours in most cases. Patients with diabetes or retinal symptoms should be dilated on a yearly basis.



Eidon HD Retinal Imaging:

This technology offers an ultra-wide view of the retina and allows your eye doctor to instantly evaluate your retinal health. In many cases in otherwise healthy patients, dilation is not required if photos are evaluated. These digital images can be stored for future use in detection of subtle retinal changes. They can also be sent to other physicians in the event that you ever require co-managed care.

* The most thorough retinal evaluation would be to have both procedures performed as they compliment each other in detecting sight threatening conditions.

The eye doctors at BCEC highly recommend at least one of these tests to complete your comprehensive eye exam.

During my comprehensive eye exam today, I would like (please select one):

___ Dilation (Included in your exam)

___ Eidon HD Retinal Imaging (Additional $25 charge not covered by most insurances)

___ Neither Procedure. By choosing this option you agree to the following: I have chosen to have neither test performed against the recommendation of the BCEC eye doctors. I will not hold the physicians or practice responsible for any disease or pathology that goes undetected due to the lack of diagnostic information that could have been obtained through retinal imaging or dilation.
